Optimize Your Investment Strategy | ANETO Capital Expert Guidance

Embarking on your investment journey in Hong Kong requires strategic planning and informed decisions, especially when it comes to meeting the Net Asset Requirement for the NCIES visa. Our SFC licensed asset management partner will guide you through the allocation of your funds across qualifying investment asset classes, ensuring a smooth and successful investment experience.

Tailored Investment Allocation

With a requirement to allocate HKD27M discretionarily and HKD3M compulsorily, making the right investment choices is crucial. For those in search of expert financial advice, our partnership with ANETO Capital offers a gateway to seasoned investment advisors who are ready to navigate you through the complexities of investment in Hong Kong.

Investment Options | SAFE & GROW

ANETO Capital presents two distinct investment strategies tailored to meet your financial goals and risk tolerance: **SAFE**, for those seeking security and stability, and **GROW**, for individuals aiming for higher returns. Our role is to ensure you have access to these SFC-licensed professionals, guaranteeing your NCIES investment is both secure and aligned with your financial aspirations.

Qualified Investment Portfolio | Your Path

The journey to establishing your qualifying investment portfolio involves critical decision-making and strategic planning. Whether you prefer to discuss your options with an existing investment advisor, seek an introduction to our licensed investment management partners at ANETO Capital, or take the reins on managing your portfolio, we are here to facilitate your success. Our priority is to ensure your HKD30M investment portfolio not only qualifies but also reflects your financial vision.
